

Proceedings of the Government of Mysore, Education Department.

ORDER.—C. No. 121; DATED, 21ST NOVEMBER 1893.

A new classification of standards and a curriculum of studies for Primary and Middle Schools were notified in 1892 after the principal Headmasters had been given an opportunity to express their views upon them. Government while desiring to maintain the principle that the study of English should be commenced at a stage when the pupil has acquired a sufficient knowledge of his mother-tongue to be able to learn with ease a foreign language, resolves to modify in matters of minor detail the existing classification of standards and curriculum. The revised classification of standards is given below and the revised course of studies will be published in the official Gazette at an early date. Both will come into force from the 1st January 1894 in all Government, Municipal, Aided and other recognized schools of this State in which general education is imparted to boys.

2. In the subjoined classification the schools are called Vernacular or English according as the First Language taught in them is a Vernacular or English.

<i>Vernacular Schools.</i>		<i>English Schools.</i>	
Pandits' Classes.	X.	High.	VI Form (The Matriculation Examination).
	IX		V Form
	VIII		IV Form
High.	VII (Mysore Upper Secondary Examination).	Middle or Anglo Vernacular.	V Class (Mysore Lower Secondary Examination).
	VI		IV Class
Middle.	V (Mysore Lower Secondary Examination).		III Class
	IV		II Class
Primary.	III		I Class
	II		
	I		
	Infant.		

3. No boy shall be admitted into the I Class of an English School that has not passed the II Standard of admission into the lowest class of an English School.

Standard of admission into the lowest class of an English School.

(a.) No boy that has received his education in a Government, Municipal, Aided or other recognised Vernacular School shall be considered to have passed the II Vernacular standard unless he has passed in (1) a Vernacular, (2) Arithmetic, and (3) Geography by that standard. The admission of boys from such schools into the I Class of an English School will be made (1) on the production of a certificate signed by a Deputy Inspector showing that the boy seeking admission has passed the II Vernacular standard in the subjects named above, or (2) on the production of a leaving certificate signed by the Headmaster of a recognized Vernacular School showing that the boy has qualified himself for promotion to the III Vernacular Class, or (3) on the results of an examination held by the Head Master of the English School to ascertain whether the boy seeking admission is qualified in the subjects of the II Vernacular standard specified above.

(b.) Boys educated in indigenous Vernacular Schools or at home may be admitted into the I Class of an English School if in an admission examination held by the Headmaster of the English School they show that they possess a knowledge of their Vernacular and of Arithmetic equivalent to that of a boy who has passed the II Vernacular standard from a Government, Municipal, Aided or other recognized Vernacular School.

4. In the Middle or Anglo-Vernacular Classes of English Schools, English shall be taught as a language, and the medium of instruction shall be a Vernacular. The Text-Books of History and Geography used in these classes shall be those written in a Vernacular language. English Text-Books of History and Geography may however be used in the V Class at the discretion of the Headmaster. In the High School Classes English shall be the medium of instruction in all subjects.

5. As a special case, the Managers of Aided High Schools in the Town of Bangalore where there is a considerable population of races speaking the Tamil and Telugu languages will be permitted to add below the I Anglo-Vernacular Class two additional Classes corresponding to the I and II Vernacular Classes, in which a little of English may at the discretion of the Managers be taught in addition to the course prescribed for these classes in Kannada, Arithmetic and Geography. In these Schools the Managers may also at their discretion use English Text-Books of History and Geography in classes below the V Anglo-Vernacular Class.

H. J. BHABHA,
Secretary.

TABLE OF RAIN-FALL RECORDED AT STATIONS IN THE MYSORE
PROVINCE FOR THE MONTH OF OCTOBER 1893.
